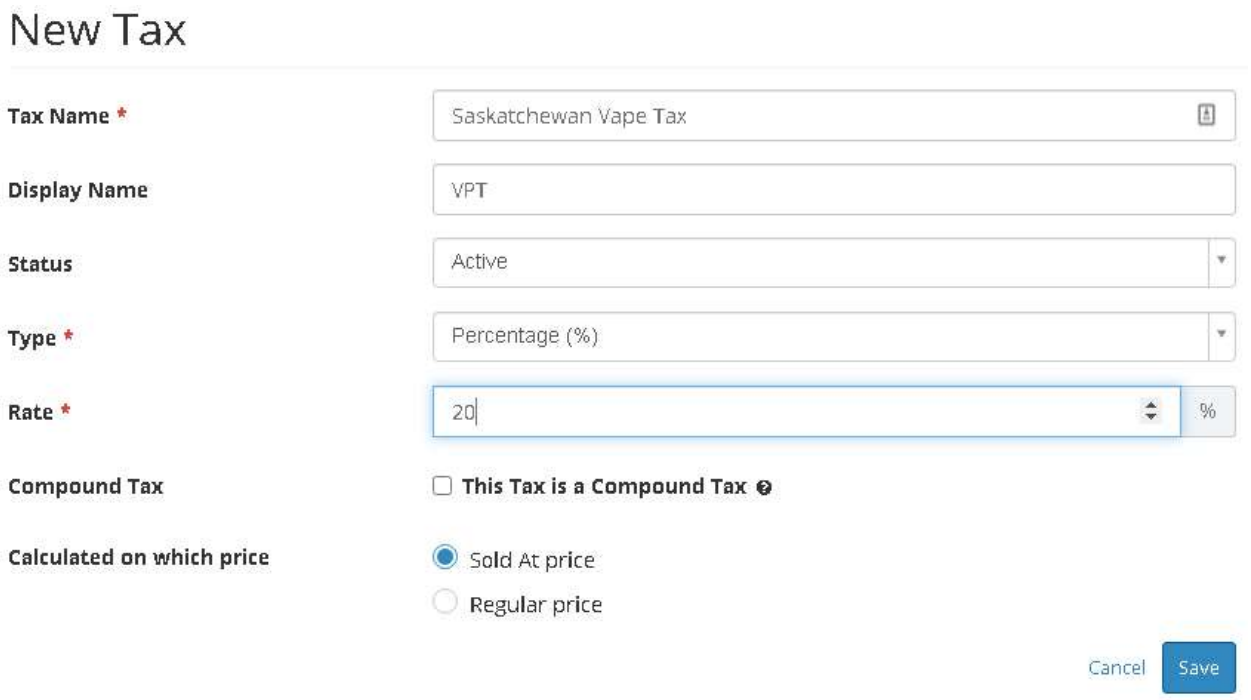
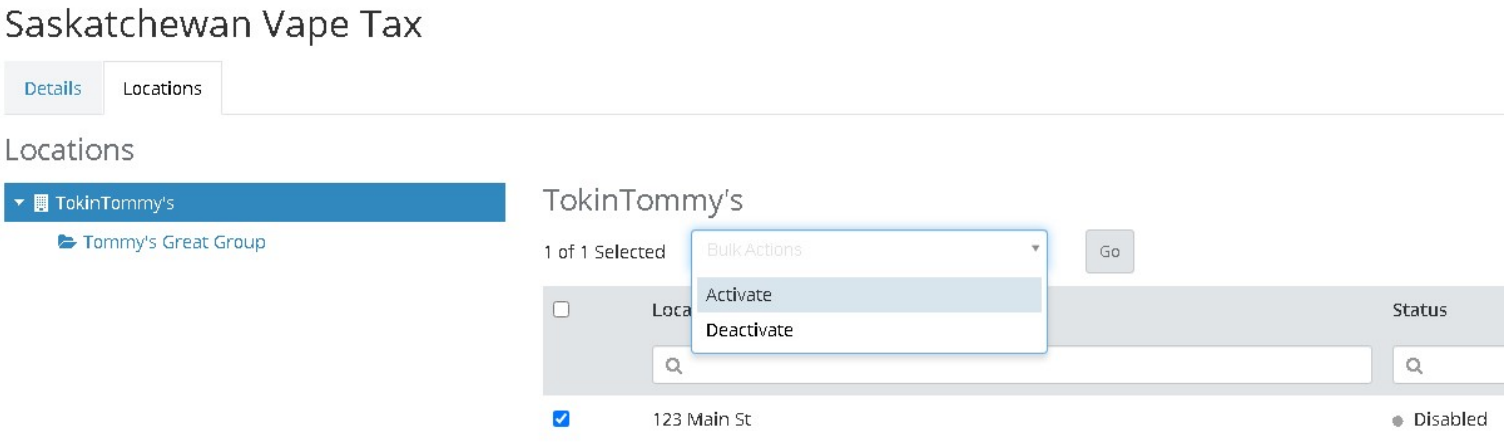
SK Vape Tax Setup

1. Please navigate in the HUB to -> Settings ->Taxes and click 

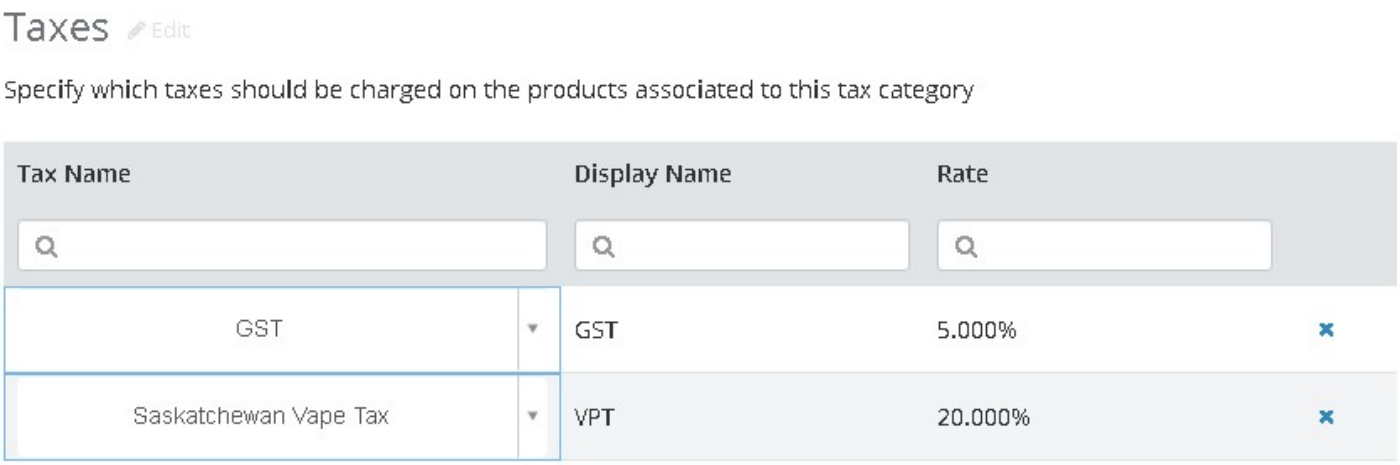
2. This will bring up the form below where the name and rate can be filled in.



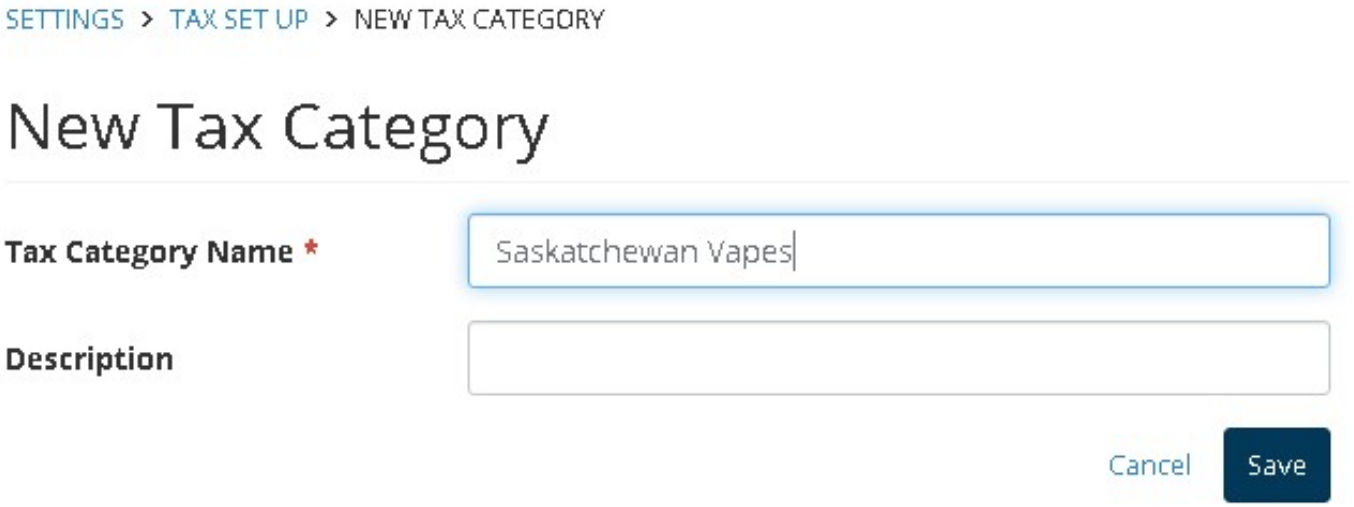
3. From the tax homepage – Click on the tax name
    a. Click on Locations
    b. Select your SK locations and click activate



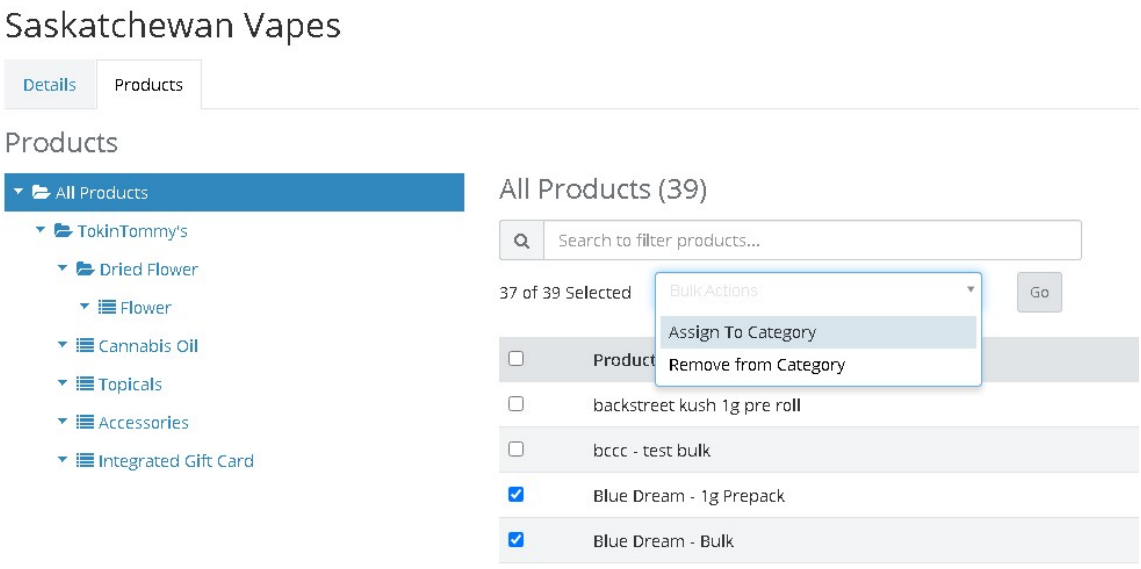
4. Navigate to Tax Categories on the Tax homepage and create a new Tax Category for “Saskatchewan Vapes”



5. Click Edit next to taxes. Add the following taxes to this category – Click Save



6. Click on the Products tab
    i. Select Vape products as detailed in your regulations
    ii. You can filter by classification on the left
    iii. Assign products from the dropdown



Tax information can be found at:
