

Customized Carrier Price Sheet Tune-Up

Whether you have been with iQmetrix for years or your carrier is making changes to your commission structure, you may be in need of a Carrier Price Sheet Tune-Up.

The price sheet is the backbone of the majority of sales transactions in RQ. This is one of the most important components of the software and is often overlooked. Using it efficiently can have an enormous impact on your business.

The Price Sheet affects and controls:

- Expected Carrier Commissions
- Employee Commissions
- Performance Metrics
- Statistical Data
- Proper Profit Reporting
- SOC Code Mapping
- Accurate Carrier Commission Reconciliation

How much does this service cost?

This valuable service is available for \$500-\$650, contact us for exact pricing for your carrier. You will not only receive the newly rebuilt price sheet; you will also receive a live WebEx Price Sheet Review AND Maintenance Training lasting up to one hour.

Please note: The rebuild of the price sheet is a one-time service. Any further maintenance is to be completed by the customer. However, we are happy to offer additional help or training for \$200 per hour.

For more information or to register, please contact training@iQmetrix.com.
